WORK EXPERIENCE

2015 - 2025

Sickla Party AB

Store manager & co-owner

Co-owner of Sickla Party AB, a company with three retail locations. Extensive experience in business operations, finance, staff management, purchasing, and b2b sales.

EDUCATION

2026 - 2028

YH Akademin

Software developer .NET

It was time to change direction in life. I want to be part of building stuff daily in a modern way.

My courses include:

- Dynamic web applications
- Database development
- OOP C#
- Cloud services and publishing tools
- Windows app development
- Test-driven development
- Agile software development
- Programming with C#

About me:

My name is Henry, I'm 33 years old and a former co-owner of Sickla Party AB, a company with three retail stores in Stockholm and Uppsala. I was involved in the operations and development of the company for 10 years before it was time to change direction entirely and start studying to become a .NET developer.

Through my work, I have gained extensive experience in hiring, training, and leading staff, which has given me strong collaboration skills and a solid understanding of what it takes to be a great employee. I have also managed relationships with suppliers and business clients, building partnerships and driving company growth. As a business owner, I am accustomed to working at a fast pace and have a strong work ethic, which has been essential in running the company successfully.

As a person, I am positive, responsible, and solution-oriented. The time has now come for me to take the next step in my career, and I hope to have the opportunity to do so together with you.

Looking forward to hearing from you!

Best regards, Henry Brandt
